

***The Kimball Genetics store
is temporarily closed for renovations.***

Thank you for your interest in testing at our laboratory. We apologize for any inconvenience while the store is under renovation. You may request a sample collection kit by phone as an alternative to using the store.

Please call us at 800-320-1807 to request a cheek cell collection kit or information about any of our tests.

We would be happy to answer your questions, provide pricing, and send you a sample collection kit free of charge.

You may also use the *contact us* link, send an email, or write to us:
